Program Director/Principal Investigator (Last, First, Middle): Doe, John P.

SCIENTIFIC/KEY PERSONNEL. See instructions. Use continuation pages as needed to provide the required information in the format shown below. Start with Program Director(s)/Principal Investigator(s). List all other key personnel in alphabetical order, last name first.

Name	eRA Commons User Name	Organization	Role on Project
Doe, John P.	jdoe	State University	PI
Curabitur, Sed Augue	curabiturs	State University	Co-PI, Mentor Faculty
Nulla, Sagittis Nunc	nullas	State University	Target Faculty

**OTHER SIGNIFICANT CONTRIBUTORS**

Name	Organization	Role on Project
------	--------------	-----------------

**Human Embryonic Stem Cells**  No  Yes

If the proposed project involves human embryonic stem cells, list below the registration number of the specific cell line(s) from the following list: <http://stemcells.nih.gov/research/registry/>. Use continuation pages as needed.

If a specific line cannot be referenced at this time, include a statement that one from the Registry will be used.

**Cell Line**

Program Director/Principal Investigator (Last, First, Middle): Doe, John P.

**BIOGRAPHICAL SKETCH**

Provide the following information for the key personnel and other significant contributors in the order listed on Form Page 2. Follow this format for each person. **DO NOT EXCEED FOUR PAGES.**

NAME Doe, John P.		POSITION TITLE Professor and Chair	
eRA COMMONS USER NAME (credential, e.g., agency login) jdoe			
EDUCATION/TRAINING <i>(Begin with baccalaureate or other initial professional education, such as nursing, and include postdoctoral training.)</i>			
INSTITUTION AND LOCATION	DEGREE <i>(if applicable)</i>	YEAR(s)	FIELD OF STUDY
Undergraduate University	BA	1970	Biology
Postgraduate University	MA	1973	Biology
Post-Postgraduate University	PhD	1978	Bioinformatics
Post-Post-Postgraduate State University	Postdoc	1979	Bioinformatics

Please refer to the application instructions in order to complete sections A, B, and C of the Biographical Sketch.

A. Positions and Honors.

Positions:

- 1988–1993 Associate Professor of Biology, State University
- 1993–Present Program Coordinator, State Development Program for Undergraduates
- 1993–Present Professor of Biology, State University
- 2001–2004 Director, State University Program to Sustain Research
- 2004–Present Chair, State University Department of Biology
- 2005-Present NIH Advisory Committee for Biological Research

Honors:

- 1995 Award for Excellence in Biological and Biomedical Research, NIH
- 1997 Special Recognition in Research for the Biological Sciences, NSF
- 2004 Honorary Degree in Proteomics Research, University College of Bolivia
- 2007 Patent # 1333,5402, Issued by USPTO “New device to detect cancer”

Memberships:

- 2000-Present Member, American Society for Biological Research
- 2005-Present Vice President, Society for Research in America (Executive Board Member)

Program Director/Principal Investigator (Last, First, Middle): Doe, John P.

B. Selected peer-reviewed publications (in chronological order).

Doe, J. "Accelerator Production of Biological Tissues, University Programs." Technical Report, Los Alamos National Laboratory, July (2000).

Doe, J., Smith, A., Washington, G., "Immunological study of the ATVE virus in WEVE" Journal of American WEVE Studies (2004) 152-189.

Alexander, F., Jones, E., Doe, J. James, C., "Study of the B-marker in level 4 patients with X-protease absence" Journal of American Protease (2006) 1089-1097.

C. Research Support.

1. "Proteomics research in the Phase I B-marker" PI: Doe, J.

The objective of this proposal is to determine the role of the Phase I B-marker in relation to the VEeW portion of the WEVE biomarker. An additional purpose of this grant is to teach undergraduates high-level biological research.

Role in Project: Principal Investigator

Period of Performance: 5/11/07 – 5/31/10

2. "State Program to Improve Research Infrastructure" PI: Pastor, S.

The objective of this proposal is to develop a strong research infrastructure at institutions across the state.

Through hiring, equipment purchases, and outreach, the participants in this project expect to increase the level of research being done throughout the state, further increasing the economic development and expanding the pipeline of students in STEM fields.

Role in Project: Mentor Faculty

Period of Performance: 7/1/07 – 7/31/13

Program Director/Principal Investigator (Last, First, Middle): Doe, John P.

## RESOURCES

---

**FACILITIES:** Specify the facilities to be used for the conduct of the proposed research. Indicate the project/performance sites and describe capacities, pertinent capabilities, relative proximity, and extent of availability to the project. If research involving Select Agent(s) will occur at any performance site(s), the biocontainment resources available at each site should be described. Under "Other," identify support services such as machine shop, electronics shop, and specify the extent to which they will be available to the project. Use continuation pages if necessary.
